- GP attachments
- Patients Charter

Dear Student

Welcome to Imperial College Healthcare NHS Trust at St Mary's Campus.

The following pages are intended to give you a brief introduction to St Mary's and the Trust. We hope you enjoy your time here at St Mary's and that whilst you are here you make the most of the learning opportunities presented to you.

Please wear your medical school ID and your name badge. This not only helps staff but also shows respect to patients.

**On-take** - it is imperative that you attend all the on-takes you can - this is where you will see acute medical and surgical patients and how they are managed. The team you are attached to will provide you with the dates and times you can expect to be on-take. There are 2 on-call rooms available at St Mary's so that you can stay the night when on-take please make use of them. You must inform **Sherry-Lynn Gerard, Teaching Co-ordinator** as soon as you know so that the accommodation can be booked and the necessary paperwork completed. **Bleeps are also a necessity for all year 2 and 3 attachments - one student per firm will be expected to carry a bleep and can be obtained from Sherry.**

One of the problems you may experience is the late cancellation of tutorials and teaching sessions by Consultants, unfortunately this cannot always be avoided as consultants often get called away at short notice. If you find that a session has had to be cancelled, don't waste that time - contact the SpR or F2 to see if they have some time to teach you or use the time to clerk patients and take histories. It is up to you to get the most out of your teachers.

You should clerk at least 2 patients each week - 'Hospital continuation sheets' can be used to write up your clerkings. At all times you must ensure patient confidentiality and observe hospital protocols regarding patient records and information. Please do NOT use patients names in your reports etc.- refer to page 18 of your course guide and the teaching intranet: <http://education.med.imperial.ac.uk/policies/policies.htm>

### Years 2 and 3

**The Skills Co-ordinator has prepared special teaching sessions which are compulsory for you to complete the aims and objectives of your attachment. Other sessions have been arranged in Medicine for the Elderly - DOME [for medicine firms].**

**If you are not able to attend any teaching session due to illness or other reason, please let Sherry know as soon as possible so that the necessary people can be informed.**

**Be safe, the health and safety rules are there for everyone's benefit, please make sure that you follow them.**

And finally, if for any reason you have a problem or issue please do not hesitate to contact myself, Sherry.

Yours sincerely

**Prof. Tim Orchard**  
**Director of Clinical Studies**

- To beep someone whom you don't have a beep number for then contact hospital switchboard on '0'
- To beep someone you do have a number for dial 81 then the beep number followed by the number you are calling from and wait for the call to come back.

**THERE IS A PHONE CONNECTED TO THE HOSPITAL SWITCHBOARD ON THE WALL INSIDE THE MAIN ENTRANCE OF THE MEDICAL SCHOOL, it is best to beep from there.**

## TEACHING CO-ORDINATOR

The Teaching Co-ordinator for Undergraduate Education at St Mary's Campus are **Sherry-Lynn Gerard**. She is always happy to help you with a variety of issues that are attachment/teaching/Hospital related, ie:

- Issue of Locker keys/bleeps/on call-rooms
- Timetable problems
- Tutorials
- Assessment forms
- SOLE - Student on Line Evaluation
- Room bookings for teaching – Eastcott Room (8<sup>th</sup> floor) QEQM.
- Absence from attachment – you must inform the office as soon as possible of any absence.

Sherry, based in the FEO, administers all the clinical teaching at St Mary's; she can often help with questions or issues regarding your attachment.

## FEO [Faculty Education Office] open 10am-3pm

The FEO at St Mary's can deal with most things relating to medical school issues and if not, will know the person/department who does. Elective reports from previous years are available for perusal in the office – contact Wendy Pearson. Philippa Shallard and Martin Kenton deal with the F1/F2 [PRHO] and Foundation Scheme. Andrew Wright deals with F2

Any Medical School issues relating to the Clinical Years [2, 3, 5, 6] should be directed to Duncan Gates/ Sophia Eglin/Maya Misty/Jitender Yadav in the FEO at Charing Cross Campus.

## Student Notice board

The electronic notice board is situated next to the security desk at the entrance to the Medical School, important daily messages will be posted here. The Notice Board just outside the FEO is also used to display up-to-date news, changes and sign ups. We advise students to regularly check these boards and their email twice daily.

## Absence or Illness reporting

<http://www5.imperial.ac.uk/medicine/absencereport/>

## RIGHTS AND RESPONSIBILITIES

Being an 'adult' learner gives you certain rights but also responsibilities and these are mirrored by the rights and responsibilities for the teaching staff. The specific responsibilities of medical students based at St Mary's are listed below:

- You have the right to be treated with respect by your teachers and not humiliated, but your teachers also have the right to be respected.
- You have the right to expect to have teaching sessions when timetabled and for the teachers to have prepared for these sessions. You in turn have the responsibility to ensure that you turn up on time to these sessions having completed any pre-session task.
- Notwithstanding the above, you must recognise that in a hospital the needs of patients have priority and may sometimes force cancellation of teaching. All the teaching staff at St Mary's are clinicians and will sometimes have emergencies to deal with. When this occurs you have the right to be given as much notice as possible and for these sessions to be re-arranged when appropriate. Similarly, if you cannot attend a session due to illness you have the responsibility to ring the Teaching Co-ordinator/Assistant or the FEO and the teacher will be informed as soon as possible.
- You have the right to be provided with the help, learning opportunities and access to patients that will enable you to become competent and reach the standard necessary to pass the prescribed examinations. However, you have the responsibility to ensure that you use the opportunities presented to you to learn. Patients who give you their time and themselves freely need to be valued and thanked as well as being treated in a professional manner.

## HEALTH AND SAFETY

In addition to your College instructions whilst you are based at St Mary's you must also abide by the Health and Safety rules of the Trust. The Trust's Health and Safety at work rules are displayed on the notice boards throughout the hospital.

**A brief outline of the Trust's Health and Safety rules are listed below.**

### **Substance Abuse**

It is imperative that whilst you are on the wards, or on clinical attachment that you are not suffering from the effects of alcohol, Drugs or any other substance. If you suspect a colleague to be involved in substance abuse it is your responsibility to bring it to the attention of their group leader.

### **Fire**

You should familiarise yourself with the fire rules which are part of the health and safety rules of the Trust. If you discover an outbreak of fire or smoke, raise the alarm immediately, leave the premises and assemble at the appointed place (see fire instructions in the area you are working), wait there until you are told it is safe to return. Do not make any attempt to rescue personal possessions.

The Medical School Fire alarms – when the continuous alarm sounds please leave the building immediately. Test alarms usually take place on Wednesday mornings and the alarm is in short intervals – you may continue your work/activity when the test alarm sounds.

### **Accidents**

You must report as soon as possible, in accordance with the Health and Safety procedures, any accidents or 'near misses' involving injury or potential injury whilst in the building. You should ensure that an accident form is completed – see Sherry as soon as possible to complete this.

### **First Aid**

Make sure you know who provided first aid and where the first aid box is kept in the areas you are working.

### **Smoking**

The Trust and College have a no smoking policy and expects it to be followed. If you wish to smoke, there are designated smoking areas.

### **Immunisation**

You should have received your immunisation card from Imperial College Health Centre [blue cards], which permits you to be on the wards. If for any reason you are concerned about immunisation contact either the local DCS or Occupational Health

### **Sharps**

For guidelines on procedure when dealing with sharp instruments – please refer to your Course Guide.

**A student must always be supervised and will NOT be asked to undertake invasive procedures on patients known to be HIV/HCV positive.**

## SECURITY POLICY

Security rules aim to protect employees, patients, visitors, medical students and the Trust. As well as the general security rules which follow, there may be other rules which are specific to the department(s) you are based in – please take note of them.

[Always wear your name badge and photo identification badge at all times whilst on the premises. If you misplace your ID badge please inform security immediately. Replacement medical student name badges can be obtained from the FEO Charing Cross Campus 020 7594 0734 and will cost approximately £10.](#)

**Trust property** may only be used in conjunction with the Trust's business unless you have specific authorisation from your Firm Leader. You must not remove from any Trust premises any documents, or other property belonging to the Trust, unless you have the permission of the Firm Leader.

**Private Property** such as valuables or large sums of money, should not be brought to work. The Trust cannot accept responsibility for your clothing and other personal property. Lockers are provided for you in the Medical School Building.

**Suspicious packages** should be immediately reported to a member of staff or to the security department in the Hospital – please ring 020 331 21544.

## INFECTION CONTROL – Important Information

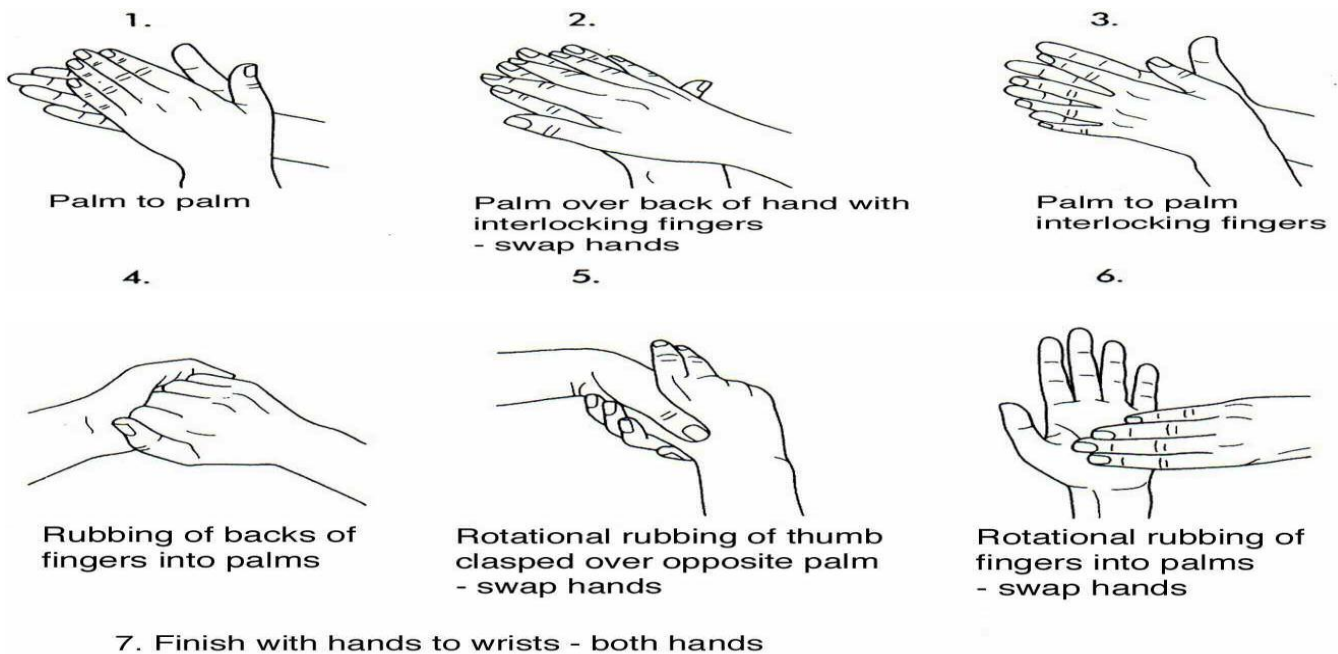

### HANDWASHING

- Drying is as important as washing
- Soap and water is adequate [wet your hands first]
- Alcohol hand gel can be used as an alternative if your hands are not physically soiled
- Alcohol gel should be used on all Dressing and notes trolleys and at the bedside with contact precautions

### DECONTAMINATION OF THE HANDS

- Turn on the tap, adjust temperature of water
- Wet hands and apply measure of soap/scrub
- Wash hands to include all aspects of the hands and wrists as in diagram below
- Rinse thoroughly
- Turn off taps with elbows. If you do not have elbow operated taps, turn off with paper towel.
- Dry hands thoroughly

Seven step handwashing technique recommended by the Infection Control Nurses Association (2003). This should take about 30 seconds. With about five strokes per step.

### SHARPS

- If you have been exposed to body fluids through a splash into the eye/mouth or contact with a break in skin or inoculation with a sharp
- Wash site thoroughly with water and make the injury bleed
- Treatment within one hour of incident
- **Monday-Friday 8am – 4.30pm Occupational Health extension 21099**
- Outside these hours and bank holidays, go straight to A&E triage
- Fill in incident form and inform your line manager/DCS and TCO immediately.
- Sharps line – **020 331 26793** will provide the above information.

### LINEN AND WASTE

- Infected and soiled linen is bagged in red alginate bags then white plastic bags
- All other used linen is bagged in white plastic bags
- Clinical waste – including all aprons and gloves are disposed of in yellow bags
- Domestic waste – black bags
- Patient white opaque table bags [domestic waste] – black bags

## **DRESS CODE**

Please dress clean and smart: boys please wear shirt. Ladies no revealing clothing or dangly jewellery. **STRICTLY NO TRAINERS.** Please be aware that it is **not permitted** for any persons entering the Medical School building to be wearing **blue's** or **green's** scrubs or white lab coats.

## **SCRUBBING INSTRUCTIONS**

Please report to the theatre reception on the 4<sup>th</sup> floor of the QEQM Building and ask for the theatre coordinator. You should be at the reception 10 minutes before your allocated time. On the first day you will need to encode your swipe cards at the theatre reception. Please allow enough time to do this. Then you can be dressed in your blues for your induction slot. Blues are dispensed from a machine in the changing rooms on the 4<sup>th</sup> floor.

## **Bleeps and on-call rooms**

When **bleeped** you should:

- Press the large button. Once will silence it and twice will display the number to be contacted. If there is an external call waiting to be answered the display will read '0' for switchboard.
- The medical bleeps will bleep for cardiac arrests and you will hear a voice announcing the location. Phone/contact Switchboard [Ground floor Clarence Wing] if you do not understand.
- Replacement batteries for your bleep can be obtained from Switchboard or from the FEO.

## **On Call rooms**

The on-call rooms are located in the Doctor's Mess, Mezzanine level Cambridge Wing, St Mary's and 5<sup>th</sup> floor of the Western Eye Hospital. If you require an on-call room you will need to book it as soon as possible up to 7 days in advance by email to [accommodation@imperial.nhs.uk](mailto:accommodation@imperial.nhs.uk) and copy to [s.gerard@imperial.ac.uk](mailto:s.gerard@imperial.ac.uk) stating the Campus, date/s, and your mobile phone number. Bookings for on-call rooms during the weekends should be requested by noon on the Friday. The subject of your email should read: **MEDICAL STUDENT ON-CALL ROOM AT ST MARY'S CAMPUS REQUEST.** You will receive an email confirmation from the accommodation office team of the allocated on-call room. Keys and swipe cards for the room can be collected after 5pm from the Security office, Ground floor QEQM on production of your Imperial College ID card. Rooms will only be given to students who are actually on call that night; they will not be given out for ANY other purpose.

All keys and swipe cards **MUST** be returned to Security at St Marys (or Western Eye if that is where the room was allocated) **BEFORE 10am** the following morning. When you are on-call, if you would like to be escorted back to your room please ask at the Security desk, Ground floor, QEQM building.

## **Swipe cards**

This swipe card is issued to you for your current attachment at St Mary's Campus hospital wards as per your timetable. It must be used **ONLY** by you and is not an ID card. Badges are programmed to give appropriate access to areas needed and a full audit trail is available for security to monitor usage should it be necessary. You must wear your College photo ID card with it at all times.

A charge of £20 will be made for a replacement of this card if it is not returned at the end of the attachment.

## **Deposits and fines**

A deposit of **£50 CASH** must be paid for each bleep and **£20** for each locker. The deposits are refundable in full provided that the bleep and/or locker key are brought back to the FEO by the specified time the next day or at the end of your attachment.

## **Warning**

If the key or bleeps are not returned by the specified time, the deposit cheques will be retained.

When you pick up the Bleep you will be asked to sign a statement which states that you are responsible for the Bleep whilst in your possession and any damage or loss will be your responsibility. Each bleep costs £360 so please do not lose them.

**DO NOT GIVE THE BLEEP OR KEYS TO ANYONE ELSE TO USE OR HAND IN. FINES WILL STILL APPLY IF THEY FORGET TO RETURN THEM. PLEASE LOOK AFTER YOUR BLEEP.**

### **Locker area and student toilets**

The student Locker area and toilets are situated on the lower ground floor of the medical school; they are at the furthest end of the swimming pool. For access you need to walk down along the side of the gym, then turn right, on re-entering the building you will be outside to the Ladies changing room. Go through the set of double doors next to the Ladies changing room and the locker area is in front of you (slightly to the right).

**Lockers** are available for your use for the length of your attachment at St Mary's only. Keys can be obtained from the Teaching Co-ordinator and Assistant.

### **Bike Stores**

You will need to complete an online form to get your card authorised by security for access. Please click this link: <http://www3.imperial.ac.uk/facilitiesmanagement/security/services/onlineforms/bicycleregistrationform>

### **Clinical Skills Laboratory – Clinical Skills Centre**

The Clinical Skills Laboratory is located on 2nd floor Paterson Wing of the St Mary's Hospital. Teaching sessions are arranged for Year 3 in accordance with the aims and objectives in the Year 3 Course Guide and Core Competency Project - timetables are issued separately. At other times, in order to use the lab you must have a doctor with you, who should be present throughout your time in the laboratory. A full-time co-ordinator in the Skills Lab can be contacted on 020 331 26755 is also available between 9am-5pm in the laboratory if you are unable to locate a doctor who can assist you in your clinical practice.

**To book a session in the Laboratory contact the Skills Lab co-ordinator. DO NOT TURN UP EXPECTING TO BE TAUGHT IF YOU HAVE NOT PRE-BOOKED A SESSION.**

### **Library at St Mary's Campus**

The Library is located on the ground floor of the Medical School and is open 9am – 9pm [Mon – Fri]. 1.30pm – 5.00pm [Sat] except on College closure days – access by swipe ID card. The Gallery – access on 1st floor is open from 7am until midnight, 7 days a week, except on Christmas Day and New Year's Day. Telephone: 020 7594 3692. Fax: 020 7402 3971. Email: [sm-lib@imperial.ac.uk](mailto:sm-lib@imperial.ac.uk)

### **Hynds Computer Lab**

The computer laboratory is located on the 1<sup>st</sup> floor of the Medical School – entry is by swipe ID card and is usually open 8am-8pm. Any queries should be directed to the **computer helpdesk ICT** situated on South Wharf Road towards Paddington Station. Telephone: 0207 594 9000

### **Evaluation and feedback**

We need your input to continually monitor and improve clinical attachments at St Mary's. At the end of each attachment you will be asked to complete an evaluation online - **Student On-Line Evaluation [SOLE]** To access SOLE go to [www.imperial.ac.uk/newsole](http://www.imperial.ac.uk/newsole), where you will be asked to enter your Imperial College user name and password.

Further information on SOLE, including information about the kind of questions you will be asked, is available in Year Course Guide and on the intranet.

**YOUR FEEDBACK IS IMPORTANT - WE HOPE YOU WILL PARTICIPATE IN SOLE.**

You may also be asked for informal feedback to measure the quality of your learning experience at St Mary's and we take this very seriously so please be as detailed as you can.

### **GP attachments [CMT Clinical Methods Teaching] – Year 3**

As part of your attachment you will be allocated a session with a GP. Please ensure that you always attend your GP sessions. If for any reason, you cannot attend, or you are going to be late, please inform the **GP directly and let Steve Platt in the GP department, Charing Cross [Tel: 020 7594 3380]** know as far in advance as possible. A map of how to get to your GP will be provided by the FEO. All the GP information and maps will be displayed on the Year 3 page of the intranet.

### **PATIENTS CHARTER**

You will be aware that the Patient's Charter identifies a number of Patients Rights' for all patients receiving care under the National Health Service

**Existing Right Number 7 is as follows:**

'To choose whether or not you wish to take part in medical research or MEDICAL STUDENTS TRAINING'.

**In order to ensure that whilst at St Mary's patients can exercise this right:**

1. The first time you visit a ward to take a history and examine any patient, would you ensure that you seek the permission from the nurse caring for the patient or senior nurse on duty. When you are known to the ward this will not, obviously, be necessary.
2. Introduce yourself to any new patient that you may be seeing and ask for their permission before proceeding to take a history and examine him/her.
3. If it is not possible to communicate with the patient, ensure that you have sought permission from the Nursing staff.

Whilst this is an obvious common courtesy and works well in most instances, nursing staff do report cases when permission of themselves was not sought. This can, at the very least, lead to confusion for the patient who may expect a further examination/history taking to make a positive contribution to their treatment and recovery.

**Full copies of the Patients Charter can be obtained from the Department of Health.**
